### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights and is for water only after it reaches the natural channel below the tunnel which constitutes the source of supply herein described. It is expressly understood, however, that the Protestant to this application is not thereby deprived of the right to take control of the waters of the tunnel at any time, such water being considered developed water and not within the jurisdiction of this office except when the same escapes to or reaches the natural channel. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One twentieth cubic foot per second. (0.05)

Actual construction work shall begin on or before April 28, 1917.

Proof of commencement of work shall be filed before May 28, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before June 28, 1917.

Application of water to beneficial use shall be made on or before October 28, 1918. Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 28, 1918.

Cancelled JAN - 8 1918 because of failure of applicant to comply with provisions of permit.

WITNESS MY HAND AND SEAL this 28th day of July, 1916.
